

Controls Technician

North American Mechanical, Inc. (NAMI) is looking to add a highly motivated, professional BAS Technician to our service team. We are looking for skilled commercial HVAC Controls Technicians with first-rate Building Automation experience in trouble shooting, repair and preventative maintenance. Excellent written and verbal communication skills are a must. Also, must have a valid Driver's License and a clean driving record. Andover control systems experience is a plus. If interested, please be prepared to provide a proven track record in maintaining and troubleshooting HVAC building automation systems.

A career at North American Mechanical - Comfort Systems USA means being part of a team and being proud of it! It means working safely and exceeding customer expectations. It means learning and growing your career, while striving for excellence, both personally and professionally. We offer an environment centered on care for our people and our customers and a full benefits slate including medical, dental, vision, life, 401 K, paid holidays & vacation as well as paid training and year-end bonus potential.
