

Plumbing Project Manager

North American Mechanical, Inc. (NAMI) is seeking a Plumbing Project Manager with 5+ years of commercial plumbing project management experience to be part of a highly collaborative team focused on achieving high levels of customer satisfaction. The right individual must display strong analytical and problem solving skills, possess excellent verbal and written communication, be highly organized and have the proven ability to manage people effectively. Position requires extensive knowledge of plumbing project management; a proven track record of completing projects on time and within budget, as well as producing excellent customer satisfaction is a must. An entrepreneurial spirit is a plus. Excellent compensation and benefit package offered. Relocation assistance is available.

A career at North American Mechanical - Comfort Systems USA means being part of a team and being proud of it! It means working safely and exceeding customer expectations. It means learning and growing your career, while striving for excellence, both personally and professionally. We offer an environment centered on care for our people and our customers and a full benefits slate including medical, dental, vision, life, 401 K, paid holidays & vacation as well as paid training and year-end bonus potential.
